

10 STANDOUT REASONS NEWER USERS SHOULD JOIN US FOR ENGAGE²₆

- 1 Get up to speed fast** – Learn the core features, workflows, and best practices to confidently use OP.
- 2 Shortcut your learning curve** – Avoid trial-and-error frustration by seeing how experienced users handle common challenges.
- 3 Get hands-on guidance** – Participate in hands-on workshops in your database to practice using OP in real scenarios.
- 4 Learn the “why” behind the how** – Understand not just what to do, but why it matters for smoother workflows and confident decision-making.
- 5 Connect with experts** – Ask questions directly to product specialists and get deeper clarity through live, in-person discussion.
- 6 Build your support network** – Meet other new users, share experiences, and exchange tips that make daily workflows smoother.
- 7 Discover features you didn’t know existed** – Get early exposure to tools that can save time and make your work easier.
- 8 Boost confidence** – Leave the conference feeling prepared to navigate OP like a pro and equipped to drive success across your whole practice.
- 9 Stay current from the start** – Learn about upcoming features and updates so you’re always ahead of the curve.
- 10 See the bigger picture** – Understand how your role fits into overall practice operations and how OP supports your practice’s goals.

“You have to go! There’s so much value in Engage, especially if you’re new to OP. You come back with so many ideas — start small, and then work on bigger ideas. You learn so much about using OP better.”

- Barb Periard, MD, President, Forest Hills Pediatric Associates
